Many Americans who return from war are faced with difficulties reconnecting to society. Many return with mental health problems, which lead to substance abuse, homelessness, broken families and/or years of problems adjusting. Operation Dignity provides a full-spectrum of housing and critical support services to homeless veterans and their families and other homeless, low-income people.

New Troops are coming home daily! They need our help and services to assist them and their families. Operation Dignity is requesting your financial support to maintain critical services to veterans, who have been damaged due to their service to our County.

**Leave no father, mother, son or daughter behind.**
